A Message from the Local 488 Election Committee:

The global situation with COVID19 has created many challenges both Nationally and Regionally. The situation is ongoing and changing almost by the minute.

Local 488 Officers and Management have consulted with the Local's Legal Counsel and are taking appropriate steps to mitigate the risk of contagion to our members, staff and the public at large.

The Local 488 Committee Elections are currently on-going, and the mail-ballots will be picked up as scheduled on Tuesday, March 17th. E-Voting will also end as scheduled on Tuesday March 17th. However, Legal Counsel has recommended that the processing of the Ballot packages be delayed for 30 days, pending the situation at that time.

Members may be assured that the integrity and security of the mailed Ballot packages will be first and foremost. A numbered security seal will be placed on the storage unit for the Ballots and will be recorded by the Committee Members to ensure that the Ballots remain intact and untouched until we are allowed to process the Committee Election votes.

These steps are being taken to help minimize the risk of contagion to both the Committee Members and the General Membership. UA Local 488 takes the safety and well being of the organization very seriously indeed and is doing everything it can to protect the more vulnerable sectors of the general population.

Your patience and understanding are appreciated. Please continue to check this website for updated information.
