

# BUILD TOGETHER

WOMEN OF THE BUILDING TRADES

Dear Managers,

Build Together was approached by IBEW Local 424's Next Gen committee Co-Chair, Kyle Hamilton, to partner on a Blood Drive Campaign with Canadian Blood Services. We believe this to be a very exciting and important initiative for us to partner on we, and we hope it will help create solidarity amongst BTA Affiliates.

Build Together and the NextGen committee will handle the setting up of Community Partnership Accounts' under each of the Locals names, this will allow a Member to donate under the Locals name, essentially tallying how many donations each Union makes. At the end of the 4 month duration of the contest , we will announce the winning local via meetings and social media. There is no cost associated with this project that we are hoping will commence April 1st with your support and the logistics of Canadian Blood Services.

Not only will we be encouraging our Brothers and Sisters to help give back with the gift of blood, we will be encouraging the friends and family of our industry to get involved as well. Our two committees believe that by working together and making a positive impact on the lives of Albertans and Canadians at large, we can also make a positive impact internally promoting team work, comradery, solidarity, and a stronger united voice.

**If you would not like your local to participate please respond to: [jtackaberry@bta.ca](mailto:jtackaberry@bta.ca)**

Thank you for taking the time to consider,

In Solidarity,

Delanee Daviau, Build Together Alberta, Chair  
Kyle Hamilton, Local 424 Next Gen, Co-Chair
