

Hello Brothers & Sisters,

The Alberta Government has declared our province a state of public health emergency. Local 488 is putting measures in place to protect the staff, the members, and their families and reduce the rising spread of COVID-19 cases.

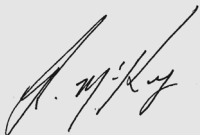

Our goal is to keep Local 488 open as much as possible and protect the health and safety of those around us. That is why, effective immediately, and until further notice, our new restrictions will include:

- No in-person meetings
- Local 488 is closed for in-person business for the next three weeks (extended if necessary)
- The welding shop is open to job testing only; all members are required to call to book a test time
- Education: Classes rescheduled. Expect essential TWTS & EPRI will continue as scheduled
- Building maintenance will continue as usual

To assist in stopping the spread of COVID-19, we would like to remind everyone that good hygiene is your best protection:

- ✓ Wash your hands regularly for at least 20 seconds
- ✓ Wear a face mask
- ✓ Avoid touching your face
- ✓ Cough or sneeze into an elbow or sleeve and dispose of tissues appropriately.

Fraternally Yours,

Rod McKay
Business Manager/Financial Secretary
United Association Local 488
