6 Effect of Adjustment on Commercial Rates for Local 488

Consequential amendments will also result for apprentice and supervisory rates in the 488 Commercial wage scale.

7 Example Calculations

The following are examples only, for the purposes of explaining the formulae in the Letter of Understanding re Wage Determination, and are not to be used for determining compensation.

Example 1: January 2012 Calculation for Trade X:

Hypothetically:

- Gross Wage Rate for Trade X = \$54.00
- CPI Change December 2010 - December 2011 = 1.5% (under the 2% minimum).
- Group 4 Average Wage = \$55.00
(Assume the Total of the Industrial Gross Rates Effective on April 1st, 2012 for Boilermaker, Bricklayer Refractory, Carpenter, Electrician, Millwright, and Pipefitter, divided by 6 = \$55.00)

May 2012 increase for Trade X: $(2\% \div 2) \times \$55.00 = 55¢$

November 2012 increase for Trade X: $(2\% \div 2) \times \$54.00 = 54¢$

Example 2: January 2013 Calculation for Trade X:

Hypothetically:

- Oil Price Average, July – December 2012 = \$96.66
- CPI Change December 2011 – December 2012 = 1.5%.
- Group 4 Average Wage April 1st, 2013 = \$55.00

May 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$55.00 = 55¢$

Example 3: July 2013 Calculation for Trade X:

Hypothetically:

- April 1st, 2013 Gross Wage Rate for Trade X = \$54.00
- Oil Price Average, January – June, 2013 = \$91.55
- CPI Change June 2012 – June 2013 = 1.5%.

November 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$54.00 = 54¢$

Check against 2013 annual 5% limit:

$55¢ + 54¢ = \$1.09$, which is less than the 2013 limit of $\$54.00 \times 5\% = \2.70

8.03 Wage Re-Opener for Local 496 Commercial Wages

The Parties will meet at least 90 days prior to April 30, 2012 to determine if the Local 496 Commercial Wage Schedule rates (including benefit contributions) need to be amended for the period subsequent to April 30, 2012. If either Party requests a change and no agreement on the requested changes has been reached by March 1, 2012 the Parties will submit their final offer, for changes to 8.01 (g) only, to an independent Arbitrator who will hold a hearing prior to the end of March 2012 and issue a decision selecting one or the other offer which will then determine the base rate plus benefits under 8.01 (g) for the balance of the term of this Collective Agreement, or for such other period as the Parties agree or as determined by the Arbitrator.

Where direct deposit is used, Employees will be provided with pay summaries on pay day which can be sent by fax to out of town jobs if necessary. postmarked. Such intervals shall only be deemed to include working days and shall remain exclusive of week-ends and holidays. It is understood, however, that extenuating circumstances can arise, and that despite all good faith efforts and for reasons beyond the control of the Employer, payments may be delayed. In such cases the onus shall be on the Employer to notify the Union, prior to the time by which the cheque is required to be available or required to be post marked, of the details of such circumstances. In such cases the payment of the late remittance amount shall be waived.

- (b) When an Employee voluntarily terminates their employment, the Employer will mail their wages to their last known address without undue delay but no later than two (2) working days after termination.

 - (f) For the purposes of this Article, where an Employer is utilizing electronic banking, the above clauses will apply to the Employees of that Employer with the exception of those Employees who have selected to be paid by direct deposit. - 16.01 (a) The maximum of eight (8) hours shall constitute a normal day's work beginning at 8:00 AM and ending by 5:00 PM (except when one-half (1/2) hour lunch is taken in which case the normal day will end at 4:30 PM). The maximum normal work week shall be forty (40) hours beginning Monday at 8:00 AM and ending Friday at 5:00 PM. The above schedule is intended to represent a normal work day or work week and is not to be construed as a guarantee of hours of work per day or per week or with respect to days in a week.
- (b) The Employer may vary the start/quit times by changing the scheduled starting time up to one hour at their option.
- (c) Variances beyond one (1) hour shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.

- (d) A change in start/quit times shall be applied consistently on the jobsite and in no circumstances shall split shifts be created, unless mutually agreed between the parties.
- 16.02 Forty (40) hours shall constitute a work week, Monday through Friday. All other time worked shall be considered overtime and shall be paid for at the applicable overtime rate of pay.
- 16.03 (a) The first two (2) hours of overtime per day, Monday through Friday inclusive, shall be paid at one and one half (1½) times the applicable rate of pay.
 - (b) All other overtime hours, Monday through Friday inclusive, shall be paid at two (2) times the applicable rate of pay.

- 16.04 For the purposes of calculating overtime hours, overtime shall normally be paid upon the completion of the regular days shift. When an Employee is required to work prior to the commencement of their regular shift, such time shall be considered as overtime.

ARTICLE SEVENTEEN - COMPRESSED WORK WEEK

- 17.01 (a) The maximum of ten (10) hours shall constitute a normal day's work beginning at 7:00 AM and ending by 6:00 PM (except when one-half (½) hour lunch is taken in which case the normal day will end at 5:30 PM). The maximum normal work week shall be forty (40) hours beginning Monday at 7:00 AM and ending Thursday at 6:00 PM. The above schedule is intended to represent a normal work day or work week and is not to be construed as a guarantee of hours of work per day or per week or with respect to days in a week.
 - (b) The Employer may vary the start/quit times by changing the scheduled starting time up to thirty minutes at their option.
 - (c) Variances beyond thirty minutes shall be agreed mutually by the Employer and the Business Representative of the Union.
 - (d) A change in start/quit times shall be applied consistently on the jobsite and in no circumstances shall split shifts be created, unless mutually agreed between the parties.
- 17.02 (a) The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Thursday period unless varied by mutual consent between the Employer and the Union. Such consent will not be unreasonably withheld. On a four (4) - ten (10) schedule, when Friday is worked, the first ten hours shall be paid at one and one-half (1½x) times the applicable rate of pay.

- (b) A ten (10) on and four (4) off schedule may also be established as a compressed work week schedule and when utilized, the straight time days will be Tuesday through Friday in one week followed by Monday through Thursday in the subsequent week. Should an Employee work on the scheduled days off, the Friday and Monday will be paid at time and one half (1½x) and the Saturday and Sunday will be paid at double time (2x).
 - (c) When a ten (10) on and four (4) off schedule is utilized, overtime on the Saturday and Sunday that fall in the middle of the schedule will be optional. Employees will be required to give seventy-two (72) hours' notice of their intention not to work such overtime. Failure to provide the required notice and report for work shall be considered absenteeism. Exercising this option will not preclude an Employee's opportunity to work other premium days when available.
- 17.03 Where these options are worked, all hours in excess of ten (10) hours per day Monday through Thursday, shall be paid for at two (2x) times the applicable rate of pay. Notwithstanding the foregoing, all overtime hours on Commercial/Institutional projects shall be paid for at the rate of time and one-half except for work in Local 488's jurisdiction where work on Sundays and Statutory Holidays shall be paid at double time.
- 17.04 When job circumstances merit a change in the hours of work, the Employer shall notify the Union office at least seven (7) calendar days, where practical, before such change becomes effective.
- 17.05 **INDUSTRIAL**
- (a) When a compressed work week is being worked and a statutory holiday falls on a regularly scheduled work day(s) off, then the following regularly scheduled work day(s) will be observed in lieu thereof unless varied by mutual consent. When a statutory holiday falls in the middle of a work week, the Union and the Employer shall mutually agree to the work schedule for that week. Work performed on the date on which the General Holiday falls will be paid at the rates otherwise required by the Collective Agreement, and work performed on the day on which the General Holiday is then observed will be paid at double time.
- COMMERCIAL/INSTITUTIONAL**
- (b) Should a Statutory Holiday fall on Monday where this option is being utilized, then a Friday may be scheduled as a regular day of work with no overtime premium applied for the first ten (10) hours of work, after ten (10) hours all work shall be overtime and paid for at a rate of one and one-half times (1½x) the applicable rate. When a Statutory Holiday falls in the middle of a work week, then the Union and the Employer shall mutually agree to the work schedule for that week.
- 17.06 The parties understand and agree that on remote jobsites or where special conditions apply, scheduling of extended work weeks/days off may be beneficial, and in those circumstances the parties will mutually agree to a work schedule to meet job conditions.
- 17.07 **OVERTIME AND PERSONAL TIME OFF**
- (a) It is accepted that a worker may, from time to time, require personal time off from work to deal with personal matters. In order to facilitate this, a worker will accumulate one-half shift (either four hours on an eight hour shift or five hours on a ten hour shift) of unpaid personal absence allowance for each month (30 calendar days) worked up to a

maximum accumulation of two full shifts. An initial one-half shift allowance will be credited upon the start of employment with additional units of one-half shift credited in the months worked subsequently, up to the maximum allowance of two shifts. A worker may request that they be preauthorized to take a personal unpaid absence providing they give a minimum of seven calendar days advance notice of their request to their authorized company representative. Where it is not practical to provide seven calendar days notice the worker must provide as much notice as they are capable of, it being understood that less notice may make it more difficult to accommodate a request for time off. Requests for time off that meet the above conditions will not be unreasonably denied subject to operational requirements.

- (b) A worker that is preauthorized to take personal time off pursuant to the above procedure, and who has accumulated sufficient personal absence allowance to cover their absence, will qualify for overtime premiums for any work performed either preceding or following the normal scheduled hours of work on the day they take their personal absence regardless of whether or not they have worked the full eight or ten hours as scheduled for that shift. In the case of a worker on a compressed work week schedule they would also be paid normal overtime premiums for any hours worked on the compressed work week day off. It is also understood that, provided such absences conform to these conditions, the absence will not disqualify the worker from working overtime scheduled for that week.
- (c) Personal absence allowances will be earned on the basis of minimum units of one-half shift and will be utilized on the basis of units of a minimum of one-half shift. An authorized personal absence of up to one-half shift will reduce the accumulated personal absence allowance by one-half shift. If time off exceeds one-half shift, the worker's accumulated personal absence allowance will be reduced by additional one-half shift units.
- (d) Overtime premiums as specified in this Collective Agreement will be paid for all hours worked in excess of eight hours in a day. In the case of a compressed work week, overtime premiums will be paid for hours worked in excess of ten in a day or forty in a week. A worker that is absent from work without pre-authorization as per the above procedure, including late arrivals or early quits will be subject to discipline in accordance with their employer's policies and may also be disqualified from working scheduled overtime in the week the absence occurs. Workers who are absent from work without pre-authorization, or workers that have been pre-authorized but who do not have sufficient personal absence allowance accumulated, must work the minimum normal hours as stipulated above prior to overtime premiums being paid. Saturdays, Sundays, and Statutory Holidays will be paid as per the Collective Agreement premiums for all hours worked on those days.
- (e) The Framework Bargaining Committees agree that they will meet to review the provisions of this Article during the months of March and April of 2013, or earlier should they both agree. The Parties to this Agreement agree that, should the Framework Bargaining Committees arrive at recommendations for changes, they will consider amending this article to conform to such recommendations.

To qualify for the normally scheduled days pay the Employee shall be available for work at the end of the eight (8) hour break.

In no event shall this hourly rate be greater than the applicable overtime rate plus shift differential.

- 19.05 No Employee shall work more than one (1) straight time shift in each consecutive twenty-four (24) hour period. An Employee shall continue to receive the overtime rate, plus shift differential, after each shift until a break of eight (8) consecutive hours occurs, exclusive of travel allowance.
- 19.06 When an Employee loses a regular day through the implementation or termination of shift work, then the Employee shall be paid a regular days pay for the day lost.
- 19.07 Where the owner/client may require work to be done on a single shift basis at start/quit times that may be at variance with the start/quit for a regular shift, single shift operations shall be permitted subject to the payment of shift differential. The shift differential shall be paid on all hours worked. ARTICLE TWENTY-EIGHT - SAVING CLAUSE

28.01 Should any article, any provision, or any part of this Agreement be void by reason of being contrary to law, the remainder of this Agreement shall not be affected thereby.

ARTICLE TWENTY-NINE - TRAVEL, TRAVEL ALLOWANCE, TRANSPORTATION AND ACCOMMODATION

DAILY TRAVEL

29.01 The following conditions as listed in Clauses 29.01 to 29.03 will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which Employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) A forty-five (45) kilometer radius free zone from the center of the cities of Edmonton or Calgary; (Geodetic Monument) or around any place in which Employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument for Edmonton is 101 Street and Jasper Avenue and for Calgary, the Calgary Tower. No transportation or travel allowance shall be applicable within the free zone
 - (b) Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed 500, the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure
 - (c) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five test runs each way, conducted coincident with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty five minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.
- 29.02 (a) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
- to provide transportation and pay travel allowance, or

- reimburse the Employees, as a vehicle allowance, at the rate of forty seven cents (49¢) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at 80 km per hour, at the Employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

The Coordinating Committee and the Alberta Building Trades Council shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for Employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometres. The Coordinating Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Council.

Example Only -- A Journeyman member traveling to a project located 40 road kilometers from the edge of the free zone at 80km per hour each way would receive the following for each day worked:

Travel Allowance:

80 km @ 80 km/hr. = 1 hr. @ base rate of \$42.29/hr. = \$42.29

Vehicle Allowance:

80 km. @ 49¢ per km. = \$39.20

for a daily total of \$81.49

Where the Employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- Where the Employer supplies the transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. Where the Employer is supplying transportation, and when the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the Employees shall be paid for all such time, providing the delay is in excess of 15 minutes, beyond the scheduled arrival time, up to a limit of two (2) hours at the applicable straight time rate.
- If an Employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate established by the

formula in 29.02 (a) above per kilometre traveled if the Employee uses their own vehicle. The Employee shall not suffer any loss of pay as a result of transferring between projects during working hours.

- (f) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the Employee shall be paid the normal rate for time traveled during the regular working day only.
- (g) Should an Employee residing in camp accommodation be requested by the Employer or the client's designated camp management personnel to move to another room or camp, they shall be paid two (2) hours at the applicable straight time rates to carry out the move.
- (h) When an Employee is being paid subsistence allowance in accordance with Article 29.04 and when there is no suitable accommodation available within 45 km. of the project on which the Employee is engaged, the Employer shall determine the location of the nearest available suitable accommodation and shall determine the number of road kilometers beyond a 45 kilometer radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with those provisions as identified in Article 29.02. In the event suitable accommodations within a 45 kilometer radius of the project becomes available, the payment of the travel allowance will cease.

COMMERCIAL/INSTITUTIONAL

- 29.03 (a) For projects beyond the forty-five kilometre (45 km) free zone for which daily travel is required, then the Employer will provide transportation, plus a travel allowance to be negotiated in consultation with the Union, however, in the event no Agreement is reached with the Union then a decision shall be made by the Registered Employers' Organization, which decision shall be final and binding.
- (b) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. Pick up points shall be mutually agreed upon.
 - (c) Clauses 29.02 (c), (d), (e), (f), (g) & (h) are also applicable to Commercial & Institutional work.
- 29.04 (a) Applicable within a 475 kilometre radius of the Cities of Edmonton and Calgary (excluding National Parks)

- (i) camp accommodation, which shall be available seven days per week; or
- (ii) mutually agreed room and board; or
- (iii) for each day worked, reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten (\$110.00) dollars per day except as follows:
 - the Swan Hills region where the rate will be one hundred fifteen dollars (\$115.00)

- the Athabasca, Hardisty, Hanna, Stettler, Camrose, Wainwright and Cold Lake regions where the rate will be one hundred twenty dollars (\$120.00).
- the Edson, Fox Creek, Peace River and Red Deer regions where the rate will be one hundred twenty-five dollars (\$125.00).
- the Grande Prairie and Drumheller regions where the rate will be one hundred thirty dollars (\$130.00).
- the Hinton region where the rate will be one hundred thirty-five dollars (\$135.00).
- the Fort McMurray and Lloydminster regions where the rate will be one hundred ninety-five dollars (\$195.00)

(NOTE: These rates may change over the course of the Agreement. Please check... www.clra.org for updates).

- (iv) On a project/jobsite located over two hundred and fifty (250) radius kilometers from the geographic centers of either the City of Edmonton or Calgary (as applicable) one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to their Employer for each occasion the accommodation is used. Where the Employer or their client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.
 - (v) Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a first or last day of a scheduled shift provided the Employee reports for work on the work day immediately preceding and following the Statutory Holiday.
- (b) Applicable beyond a 475 kilometer radius of the Cities of Edmonton and Calgary (excluding National Parks and Northwest Territories)
- When an Employee is directed or dispatched to work on an out-of-town job which will last at least five days, the Employer will provide, on a seven (7) days per week basis:
- (i) camp accommodation; or
 - (ii) Mutually agreed room and board, or subsistence allowance as follows.
 - (iii) reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten (\$110.00) dollars per day.
- Employees failing to report for work on the work day immediately preceding and following a weekend or Statutory Holiday will receive the above for days worked only.
- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the Employer pursuant to Clauses 29.04(a)(ii) or 29.04(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of registered Employers' organizations, which Committee shall make a final and binding decision within five days from the date of referral.

- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the Employer's obligations pursuant to this article.
- (e) (i) In certain situations, Employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the Employer shall provide one of the following options:
- provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the President of the Alberta Building Trades Council issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Alberta Building Trades Council that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Alberta Building Trades Council and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article 26.03. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.
- (v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;
- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
 - Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at
 - The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
 - Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.
 - There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.
- (f) Applicable to all Regions
- (i) Employees unable to work due to legitimate illness, material shortage, job site conditions, or inclement weather and for whom it is not practical to return to their respective primary Alberta residence (or the Union Hall in the case of non-Alberta residents) shall receive their board and room or daily allowance for those work days they were scheduled to work, during the period such circumstances continue, up to a maximum of three (3) days.

If an Employee who is being provided with subsistence allowance chooses to leave a jobsite prior to the normal quitting time without receiving consent from their Employer, the Employee will receive a prorated amount of subsistence based upon the number of hours the Employee worked in the work day, compared to the regularly scheduled hours of work for the day.

If the Employee leaves prior to the normal quitting time with the consent of the Employer they will receive the normal daily subsistence allowance for that day.

- (ii) All camps must meet the specifications as negotiated by Building Trades of Alberta and Construction Labour Relations, an Alberta Association 2010 - 2018 camp rules and regulations, or any successor thereto.
- (iii) All grievances concerning a camp will be resolved through the grievance procedure provided in the BTA/CLRa Camp Rules and Regulations.

Re: Rapid Site Access Program

WHEREAS:

- 1) The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting this objective will correlate to a reduction in workplace incidents.
- 2) The Parties intend to reduce redundant substance testing and related costs and to expedite access to participating worksites.
- 3) Alcohol and other drug work rules, such as the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the '*Canadian Model*'), are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 4) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information.
- 5) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers.
- 6) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and, if necessary, accommodation strategies. Professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the *Canadian Model* and, if necessary, recovering from an addiction and/or dependency to alcohol or other drugs.
- 7) In 2004, the Department of Health and Human Services Substance Abuse and Mental Health Services Administration and, in 2008, leading experts in direct consultation, confirmed that laboratory oral fluid testing is accurate, reliable and appropriate for unannounced testing. Due to the shorter detection windows than found in urine testing, it was found oral fluid testing is not appropriate for follow-up testing and not appropriate for testing where prior notice of the test is given.

- 8) Several arbitration cases have accepted the validity of laboratory oral fluid testing but in none of those cases was the laboratory oral fluid testing itself the subject of challenge. Accordingly, at the time of signing this agreement the validity of laboratory oral fluid testing has yet to be established in Canadian law.

NOW THEREFORE, IT IS AGREED between the Parties hereto that:

- (a) Subject to (b) and (c) below, the Parties support the implementation of the Rapid Site Access Program and the Union and Employer agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time.
- (b) The Union's agreement in (a) above is subject to the adoption of laboratory based oral fluid testing for the random component of drug testing administered by the Rapid Site Access Program. However, in the event laboratory oral fluid testing is successfully challenged in law the Union agrees urine based testing shall apply.
- (c) Subject to (b) above, where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the registered employers' organization and the Rapid Site Access Administrative Committee.
- (d) For Industrial work, the employer contributions shall be established by the CLR and may be changed by the Board of Directors of Construction Labour Relations - An Alberta Association, and notice to an Employer and the Union from the Association respecting such amendment shall be sufficient. RSAP contributions shall be forwarded to Construction Labour Relations at #207, 2725 - 12th Street NE, Calgary Alberta T2E 7J2. These contributions shall be used by CLR to provide the funding, among other things, for the third party providers who are responsible for delivering the services in respect to the Rapid Site Access Program.
- (e) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.
